

SPAL awarded by General Motors with 2018 Supplier Quality Excellence recognition

Turin, Italy

For the 3rd time, SPAL was conferred the Award for Quality Excellence during its annual Global Supplier Quality and Development ceremony held on Thursday Oct 10th in Turin.

During the event, GM recognized 77 best performers out of more than 700 suppliers from several countries that have consistently exceeded GM's expectations, created outstanding value or introduced innovations to the company.

In the award letter GM says “The award is given to specific manufacturing locations and only top performing supplier manufacturing sites are eligible to receive it. Suppliers who receive this award have met or exceeded a very stringent set of quality performance criteria and have achieved the cross-functional support of the entire GM organization. “

The Supplier of the Year award winners were chosen by a global team of GM purchasing, engineering, quality, manufacturing and logistics executives. Winners were selected based on performance criteria in Product Purchasing, Global Purchasing and Manufacturing Services, Customer Care and Aftersales, and Logistics.

“The entire SPAL organization is proud of this prestigious recognition. Passion and commitment are the drivers that allows us to continuously deliver best-in-class products and services in challenging environments.” said Alessandro SPAGGIARI, owner of SPAL group, receiving this price. “This is a further confirmation that a strong partnership and collaboration with our customers is a key point to achieve outstanding performance and we look forward to foster this long term relationship with GM”.

Prize was collected by Mr. Alessandro SPAGGIARI, owner and CEO of SPAL group and Mr. Pietro De Filippis, President and CTO of SPAL Automotive.
